West litter pickup - T345

STEEL PAN BAND A SMASH HIT

The Scouts from Trinidad and Tobago entertained Subcamp Scouts and Scouters Thursday evening as part of Jamboree International Day. The Scouts played their National instrument, the Steel Pan, as well as trumpet, wood block, and various other instruments. The crowd swelled to around a hundred people in the center of Subcamp 2, as the group played both calypso and traditional folk songs.

The Scouts from Trinidad and Tobago are being hosted at the Jamboree by troops from Auburn and Syracuse, New York as well as a troop from Moosic, Pennsylvania.

SUBCAMP EXPLORER TO VISIT

Dr. Steven Squyres will attend a ceremony in Subcamp 3 today. Dr. Squyres, whose research focuses on the large solid bodies of the solar system, was chosen as the namesake for our Subcamp. Dr. Squyres splits his time between NASA in California and teaching astronomy at Cornell University in Ithaca, N.Y.

Scouts who would like to have an item presented to Dr. Squyres, such as a contingent patch or signed card, are encouraged to leave the article in the Subcamp Program tent prior to his visit.

There will be a brief ceremony starting at 3:30 PM at the Subcamp gateway, followed by a reception with Dr. Squyres in the Dining tent immediately following.

CHAPLAIN'S CORNER

“ What are you trading at the Jamboree? While you exchange hats, pins, or memorabilia, take time to exchange a smile, an encouraging word, and a demonstration of the Scout Law in action. ”

– Rev. Martha Carlson

TODAY'S HISTORICAL EVENTS

1619 – The first representative assembly in America formed in Jamestown, VA

1863 – Henry Ford, the pioneer automobile manufacturer, was born

1965 – Lyndon B. Johnson signed the Medicare bill into law

DID YOU KNOW...

Patrol Flag Competition Results

The Subcamp 3 Chaplain corps judged a tight competition of momentous proportion. This reporter's personal favorite was the “Pink Ducktape” flag, however the Chaplains weighed in as follows:

1st place: *Los Vigilantes* of Troop 339 of Puerto Rico

2nd place: *The Moose* of Troop 345 of Hiawatha-Seaway Council

3rd place: *The Who* of Troop 334 of Rip Van Winkle Council

The awards were presented at Thursday night's Subcamp retreat ceremony.

STUFF YOU GOTTA KNOW

Medical Update

The heat is subsiding, but the concern over proper hydration and nutrition remains. Along with proper hydration, it is essential to eat normal meals to replace the salts lost. It is necessary to have the salt from solid food—Gatorade doesn't provide all you need alone. Several people have been seen feeling sick and weak because they have not eaten. Please encourage the Scouts to eat their meals.

Scouts are encouraged to wash their clothes. We are seeing a lot of rashes due to unclean clothes. Also everyone is encouraged to

take showers. A lot of the Scouts are just plain dirty.

The medical staff is encouraging the Scouts to use the basic first aid knowledge they have acquired already.

Medical Quiz

List 10 body parts whose names are exactly three letters long.

Stop by the medical tent and see Dr. Rosenstein to check your answers and get a prize if you get them all right.

Religious Services

Dr. Cohen, one of our Subcamp doctors, will escort Scouts and Scouters to the Subcamp 5 Jewish mornings services today at 8:00 AM. Meet Dr. Cohen outside the Administration tent for transportation to and from the service.

The closest Christian service to our Subcamp is the Protestant service tomorrow morning at 9:00 AM in the field between Subcamps 2 and 3. A complete schedule of services can be found in Friday's Jamboree Today.

Remember that attending a service of your faith is required to earn the *Duty to God* rocker.
