 West facilities - T334
 East litter pickup - T320
 West litter pickup - T337

CONGRESSMAN VISITS SUBCAMP 3

The 120 Scouts of the three Subcamp contingents from Puerto Rico were paid a surprise visit by their Congressman Saturday. Due to scheduling problems, the contingents were unable to visit his Washington, DC office, so Congressman Luis Fortuño came to the Jamboree.

Congressman Fortuño arrived in the Subcamp at 1:45 PM, and proceeded

to greet Scoutmaster Juan Luis Salgado and contingent leadership. He had lunch with the contingent Scouts, and then visited Action Center D to see Scouts at the Jamboree in action.

The 45 year old Republican Congressman, a former Scout himself, was a member of local Troop 304 of Guaynabo, Puerto Rico.

SHOW MOBILIZATION

Mobilization information for tonight's arena show was limited as of press time on Saturday. A vehicle transporting special needs participants to the arena will be available from 3:00 to 3:30 PM near the Administration tent. We will be departing the Subcamp at 5:15 PM. Like last time, you may bring as much water as you need and you may bring *non-metal chairs only*.

In Remembrance...

Subcamp 3 Scouts gather in remembrance of the Scouters from the Alaskan contingent who died earlier in the Jamboree

CHAPLAIN'S CORNER

“ God gives the birds their food, but He does not throw it in their nests. ”

– German Proverb

TODAY'S HISTORICAL EVENTS

1498 – Christopher Columbus discovered the island of Trinidad

1922 – Water skis invented

1990 – Nolan Ryan became the 20th major league pitcher to win 300 games

DID YOU KNOW...

From Mullet to Mohawk

Sean P., from Troop 306 in the Baden-Powell Council, was evidently tired of his long, shoulder-length hair. He had been growing it for about a year when he decided it was time for a change.

After calling his Mom to let her know what he was about to do, Sean enlisted the help of two friends who borrowed hair clippers from a Subcamp staffer and shaved Sean's hair. Not content with just a regular buzz cut, Sean had them leave a strip along the top of his head so they could then twist it into spikes.

But this was never just about Sean. Says Sean, "I did it because I wanted to donate to the World Friendship Fund." Sean's friends collected donations from on-lookers, raising nearly \$82 for the fund that supports Scouting in underdeveloped countries around the world.

STUFF YOU GOTTA KNOW

Medical Update

We all learn basic first aid skills in order to reach the rank of First Class. Since you must be a First Class Scout to come to the Jamboree, the medical staff expects that you will take care of basic first aid yourselves. If you come to see us for these minor problems be prepared to demonstrate your first aid knowledge.

When you get a blister:

- Wash the blistered area with soap and water
- Dry the skin
- Cut a piece of moleskin, rounding the corners, to fit over the blister, extending beyond the edge about ½ inch
- Change the moleskin when it comes loose

Today we review care of blisters. To prevent blisters be sure you have clean socks and shoes that fit appropriately. Even then, increased walking can cause blisters.

If a person is suffering from vomiting or diarrhea, it is crucial that he not participate in any cooking or cleanup until it is cleared up.

5K Run

Thousands of Scouts and Scouters got up extra early to take part in the 5K run on Friday morning. Participants ran up Travis Lake Road, around Travis Lake, and then back to their respective subcamps to complete the course, earning their 5K Run rocker patch.
