

# Subcamp 3

2005 National Scout Jamboree  
Boy Scouts of America

## *Red Tape Works for Gift Wrap* **Thanks to Subcamp 3**

They warned us there'd be confusion,  
That not all at Jambo would be clear.  
They said Jamboree would be  
awesome  
If we just brought all the right gear.

Subcamp 3 is the place to be,  
We've learned, in, oh, so many ways.  
We have all the greatest resources  
To lighten and brighten Jamboree  
days.

John and Steve have guided us  
With personal resources rare.  
They've shown both humor and  
patience  
And caring extraordinaire.

Our staff has found whatever we need  
For challenges great and small.  
From locked showers to  
thunderstorms,  
You've helped us to weather it all.

We've had the help to cope each day  
Whether the flag is green or red.  
And in spite of loud announcements  
Where we can't decipher what's said.

We've hosted explorer Squyres  
And learned galactic discovery.  
We've felt a little like the Mars rover  
As we've explored the Jamboree.

We've mowed grass, and washed our  
clothes.

We've eaten well, and soaked our  
feet.

We've dealt with the profound and  
the trivial.

We've grabbed success from defeat.

Thanks to all who've helped us thrive,  
Who brought resources and personal  
skill,  
So that red tape can be symbolic  
Of Subcamp 3's legacy and will.
